RF SYSTEMS TECHNICIAN > Professional Development

SkillObject/Task

**Learning
Event**

☐ COMPLAN Setup

1. Conduct quality control/quality assurance (QC/QA) on systems & processes (ex: cryptologic communications circuits, preventive maintenance, training)
2. Conduct pre-underway comms & network checks (ex: check connectivity for CO, XO, staff, other embarked units)
3. Construct systems utilizing block diagrams (ex: Bravo/Charlie, Delta/Golf, SATHICOMM, Sierra/Yankee, Uniform/Romeo)
4. Determine equipment capabilities & configuration (ex: in conjunction with CIC)
5. Determine circuits to guard per OPTASK COMMS plan
6. Develop contingency plans (ex: for circuit outages)
7. Establish configurations & interoperability
8. Determine signal type in accordance with OPTASK COMMS or governing directives. (ex: direct-sequence spread-spectrum, signal flow)
9. Develop communications plan (ex: develop communications plan using OPORDS/OPTASKS)
10. Ensure communications equipment testing is conducted with SESEF prior to getting underway
11. Explain capabilities & constraints (ex: to customers)
12. Implement dynamic bandwidth
13. Implement orders (ex: OPTASK, OPLAN, COMPLAN, STANDING ORDERS)
14. Make underway preparations (ex: pre-underway checks, loading of necessary materials & spare equipment)
15. Negotiate telecommunications requirements/needs with customers
16. Review all frequency ranges

From Landmannalaugar, south central highlands.

summer
autumn
winter
spring

Season of the midnight sun. The countryside and highland interior open into full bloom. Take a dip in a natural hot pool.

Cultural activities move into full swing as nature cools its pace. Enjoy freedom outdoors in a riot of colours.

Endless celebrations and fireworks. Nature sinks into its charmed slumber, weird contrasts are captured in suspended animation. Eat, drink and be merry under the shimmering green Northern Lights!

Daylight spreads and stretches out, the land and the people slip free from winter's chilly grasp. Groups can arrange to greet the spring with a glacier feast.
